

### **Skegness Raceway Roof/Fins Grades Domestic Formulas**

To avoid drivers having to paint their roof each time they change grade, you can have a different colour roof fin.

The background colour of the fin is either WHITE or YELLOW, WITH BLACK NUMBERS ON

BLUE or RED WITH WHITE NUMBERS ON.

You can if you wish still paint your roof (a sun roof sized painted area will be ok) in your current grade (only Points Champions & Gold Roof Winners can have Silver or Gold). And Championship winners that have a specific roof colour can paint their roof accordingly.

#### **ROOF/GRADE COLOURS**

Gold Roof Champion

British Champion

Points Champion

Superstar

Star Grade

A Grade

B grade

C grade

Gold

Black & White chequered

Silver

Red roof + flashing lights

Red roof

Blue roof

Yellow roof

White roof

Champions start at the back of the grade, apart from National Points and Gold Roof Champion who start at the back of the grid.

**Cars will not be permitted to have Gold or Silver Roofs apart from the relevant Champions who hold the Gold or Silver Roof.**

**We feel this will add to the prestige of winning either (or both) of these championships, and to wear Gold or Silver, you have to go out and earn it.**

**We thank you for your co-operation on this matter.**
